

Ynot Treat Yourself PRODUCT GUIDE

Inflatables | 2020 | 2021

Bouncy Dodgems

Junior Bumper cars are perfect for the confident youngsters who love to bump and bash into life. Using the cars individual controls allows the users to spin 360, backwards and forwards with just two levers. Onboard speakers and LED lights heighten the experience of the user whilst staying completely safe.

Additional use for temporary ice rinks. With a quick transform these bumper cars are perfect for sliding all over the ice.

Specifications

Battery operated bumper cars with safety belts. Restricted power of 150w giving a maximum speed of the individual cars at 4mph. Safety override remote controls allowing the operators to take over at any point.
